MARINE INSURANCE SEMINAR (ONLINE)

Tutors

George Margaritopoulos, Associate Director, Richards Hogg Lindley (RHL)

George has been an average adjuster with RHL Piraeus since 2015. He is qualified as a Fellow of the Association of Average Adjusters. He has previously worked as a spares and shipyards broker and as a chartering broker. He holds a bachelor's degree in industrial management & technology from the University of Piraeus and an MSc in Marine Policy from Cardiff University.

Georgia Botsiou, Legal Director and Insurance Manager

Georgia is a dedicated and accomplished Marine Insurance and Legal Manager with a proven track record in the shipping industry. She currently holds the position of Legal Director and Insurance Manager in a Group of Shipping Companies managing a fleet of bulk carriers and chemical tankers. She is responsible for all legal-related aspects of the group, successfully handling all types of claims. Previously she held the position of Insurance and Claims Manager in two major shipping companies. Georgia holds an LLM in Maritime Law and an MA in Shipping Business. She speaks fluently English, Greek, French and Italian. She has extensive experience in teaching and professional development training on topics related to marine insurance, maritime law, chartering and S&P.
