

WAR RISKS IN SHIPPING: Charterparty Clauses & Insurance Challenges

ONLINE SEMINAR

Seminar Overview

The Middle East conflict escalation has triggered one of the most significant disruptions to global shipping in recent years. Shipping is facing immediate operational, legal and contractual challenges in an increasingly volatile environment. This seminar provides participants with practical guidance on managing war-related shipping risks, contractual performance issues, insurance implications, and dispute management during geopolitical crises. Through real-world case studies, participants will gain the tools required to assess exposure, mitigate risks, and make informed operational and commercial decisions.

Seminar Content:

- 1. Overview of the commercial and operational impact of the current geopolitical disruptions on shipping**
- 2. War Risks Insurance**
 - Structure of war risks insurance
 - Additional premiums and changing market conditions
 - Coverage limitations, exclusions, and claims considerations
 - Hull & machinery and P&I implications
- 3. Charterparty Implications**
 - Charterparty risk allocation during conflict situations
 - Voyage Charterparty considerations (cancellation rights - deviation issues - Laytime/demurrage implications)
 - Time Charterparty considerations (off-hire issues - employment orders - refusal of unsafe orders)
 - Key war clauses and their operation
- 4. Safe Port / Safe Berth Issues**
 - Legal principles of port safety & Risk assessment in conflict zones
 - When does a port become unsafe?
 - Owners' and charterers' obligations and liabilities

ONLINE SEMINAR
